# Critical Thinking Skills – Observing

Now you have been outside and made OBSERVATIONS, in the lines below write as many memories you have about what you observed. What was the temperature, what did you feel, see, hear, smell, etc. Be sure to use as much description as possible. Don’t just say, I saw a tree, if you know it was a juniper tree, then write juniper tree.

**QUESTION**

When you read, what do you do to help you remember what you have read?
